Dedication

Mr. Denver Wehrley

We, the class of 1966, would like to dedicate our yearbook to you, Denver Wehrley. This is our own personal way of thanking you for cleaning up our debris after each of our activities and keeping the school in such fine condition, providing a better educational atmosphere. We hope this will show our appreciation for your long hours in doing your job so well, which has not been taken for granted.

We remember Faculty

As teachers, we remember how we prepared for a class only to have the students not prepared. We also can remember when students did their best and the satisfaction that we received. We can remember the chaos in classes and the well-functioning ones. Most of all we can remember the good things that have happened and the success of our graduates.

EXECUTIVE MESSAGE

One of the most difficult tasks as superintendent is selecting good teachers.

A school can have all of the newest physical facilities, books, and the latest equipment, but if the good teacher is not there to present the lessons--all is lost.

I think Newton High School has been very fortunate in having one of the finest business education teachers for the past seven years. Mrs. Mitchell has been most helpful to many students and will be long remembered for her fine instruction.

Congratulations go to the senior class and Mrs. Mitchell for developing this informative annual.

We remember Elementary

In a decade, we can look back to when we were in grade school and remember how we fulfilled our mischievous desires; like cutting Suzy's pig-tails, or eating the last crayon in the box, or even fighting with your best friend. As we look back on these, it brings a slight chuckle of foolishness. This is the yearbook's purpose--to show the development of character through many years.

We remember Underclass

As underclassmen, we remember the planning of our various projects hoping to bolster our treasury to cover our necessary expenses. Though, school seems to never end and the apparent destiny of becoming seniors seems to be out of reach, we will someday look back on these years and wonder where they went.

We remember Activities

There are two elements necessary for the various activities: the planners and the participants. At one time or another, every high school student has a chance to help plan or to participate in an activity. As planners, the preparation of the activities seem an endless chore; but somehow when the whole thing is over, it turns out to be a success. As participants, we remember the intricate and personal side of the activities, which provided for a great deal of enjoyment.

These Precious Moments

For many years to come the night of May 20th will be remembered by the Junior and Senior class. The banquet was held in the German room of the Seven Nations Motel at 7 p. m. Following the banquet the guests danced to the music of Mel Haney's orchestra until 12. Then they made the pilgrimage to the Gold Crown Bowling Lanes for the remainder of the night. The theme of prom was "These Precious Moments," which was a most appropriate theme.

We remember Sports

As athletes, we remember the triumphs and defeats, the hard work of practices, and the joy of winning. We remember the coach being angry at us, and sometimes we would wonder if it was really worth it. We also remember the handshakes and the pats on the back after a job well done.

As fans, we remember supporting our team to the end, whether the result be good or bad. No matter which, we accepted it as the best we could do.

We remember Seniors

This year's theme of "We Remember," is probably more inspiring to the people involved in this section than any other in the yearbook.

For the members of the class of '66, this book has a different meaning for each.

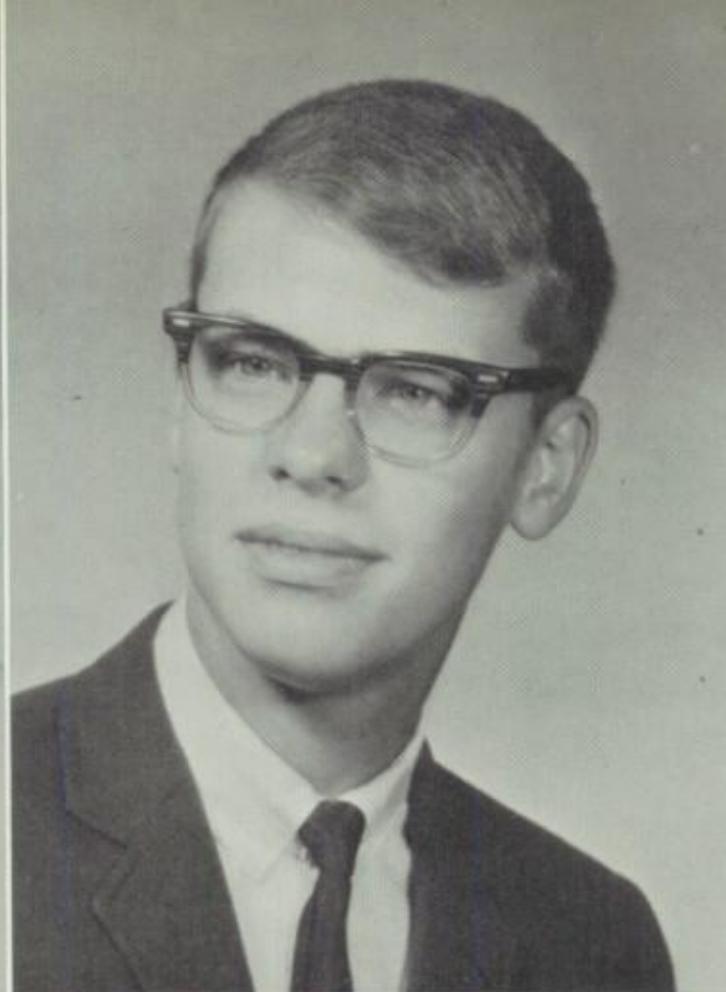

As we look back to the first day we held a pencil in our hand, we suddenly discover that more comes out of the end of the pencil than did the first day. This is the rewarding part of twelve years of school, finding out that everything we do is far more advanced than on that first day.

A typical Kentucky wedding held on Slop Day.

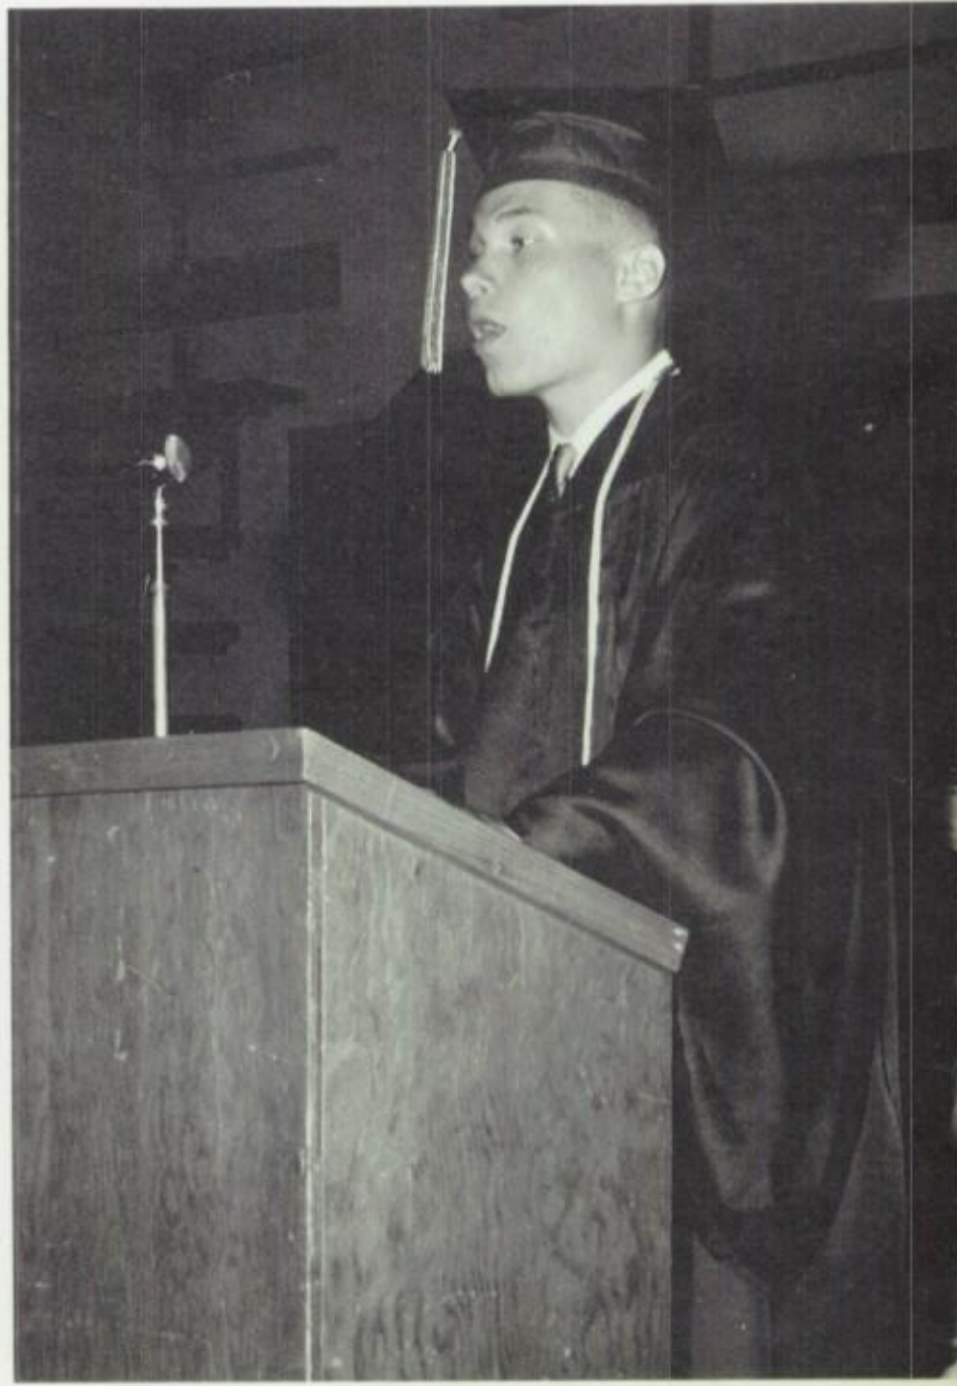

Senior class adviser Mr. Rodney Wells.

The processional moves up the aisle.

Jeannine Warner welcoming guests to the exercises in her salutatory address. Jeannine was also elected 'Most likely to succeed.'

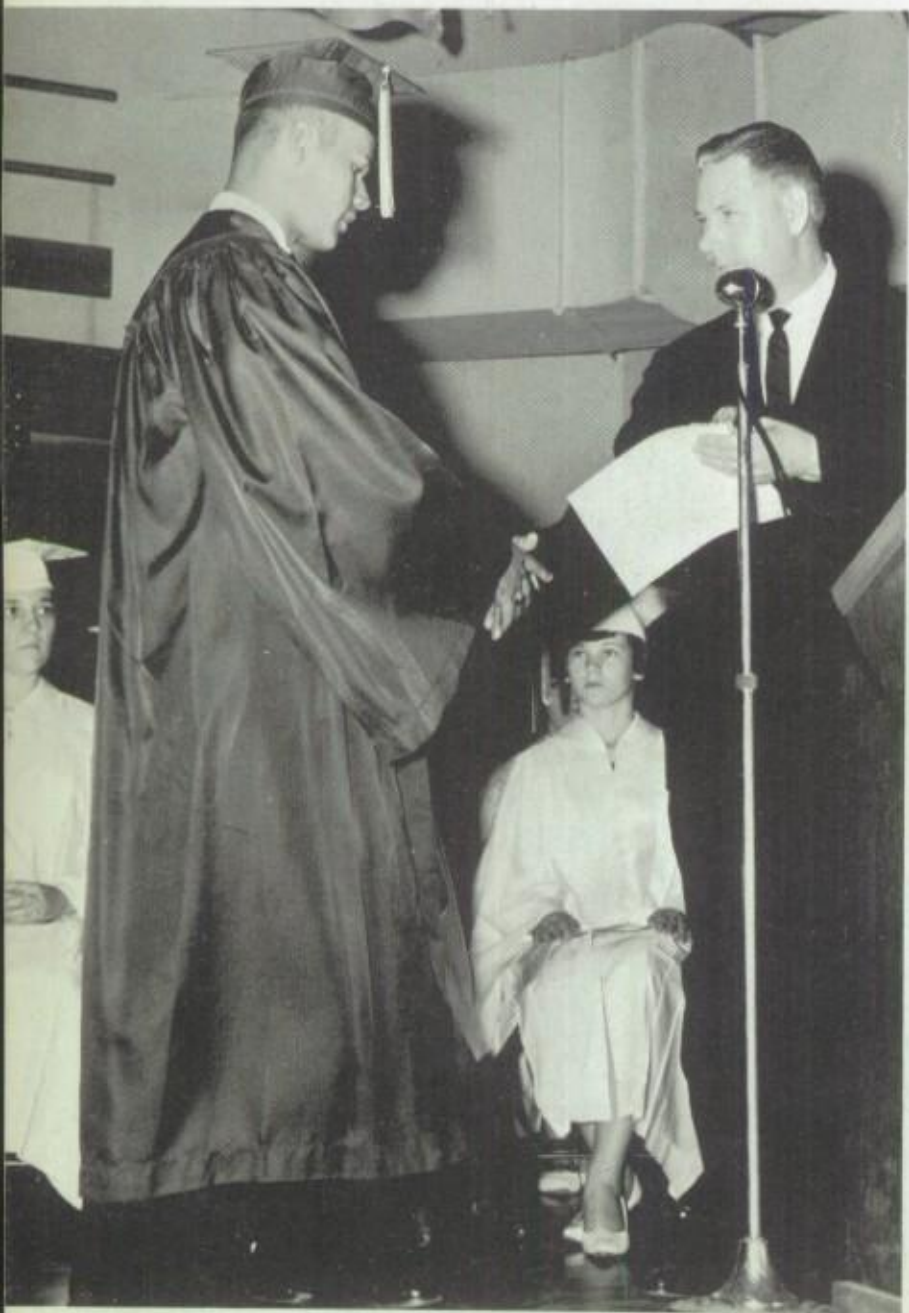

Bob Welbaum giving his valedictory address. Bob was also elected 'Most likely to succeed.'

Dr. Ater addressing the graduates at commencement exercises.

Janet Yingst receiving the E. Wampler scholarship award.

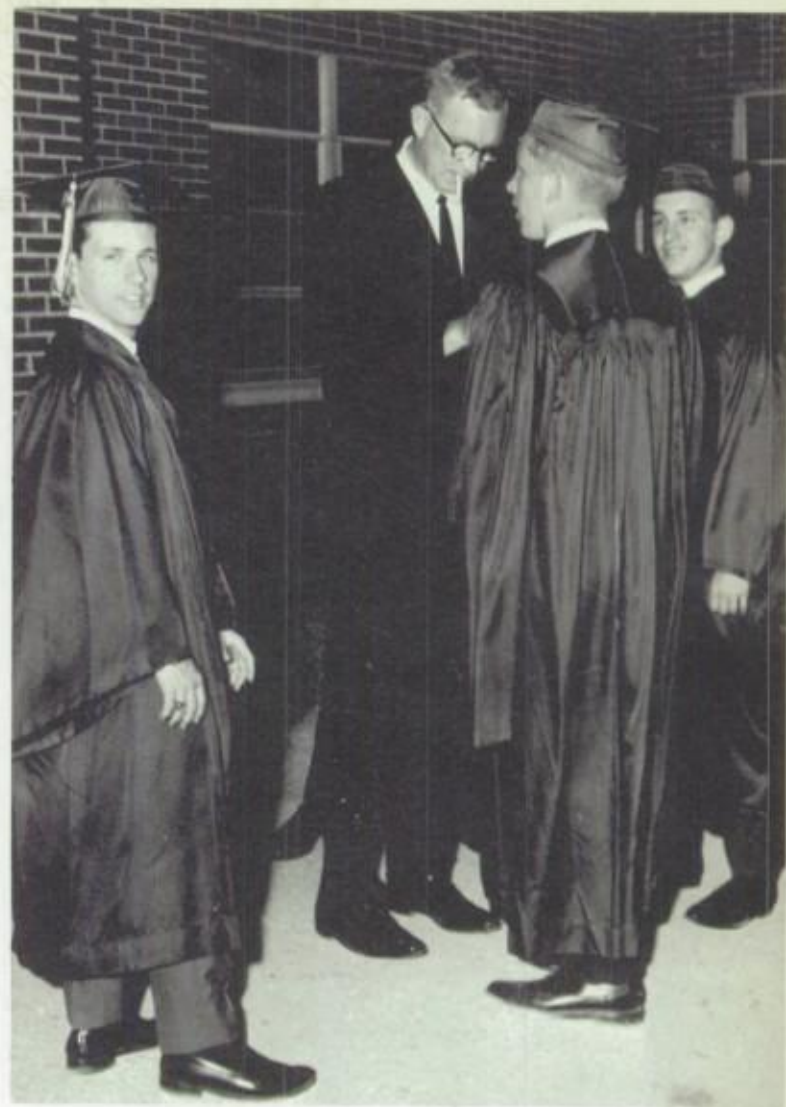

Sam Schultz was awarded the John Philip Sousa band award.

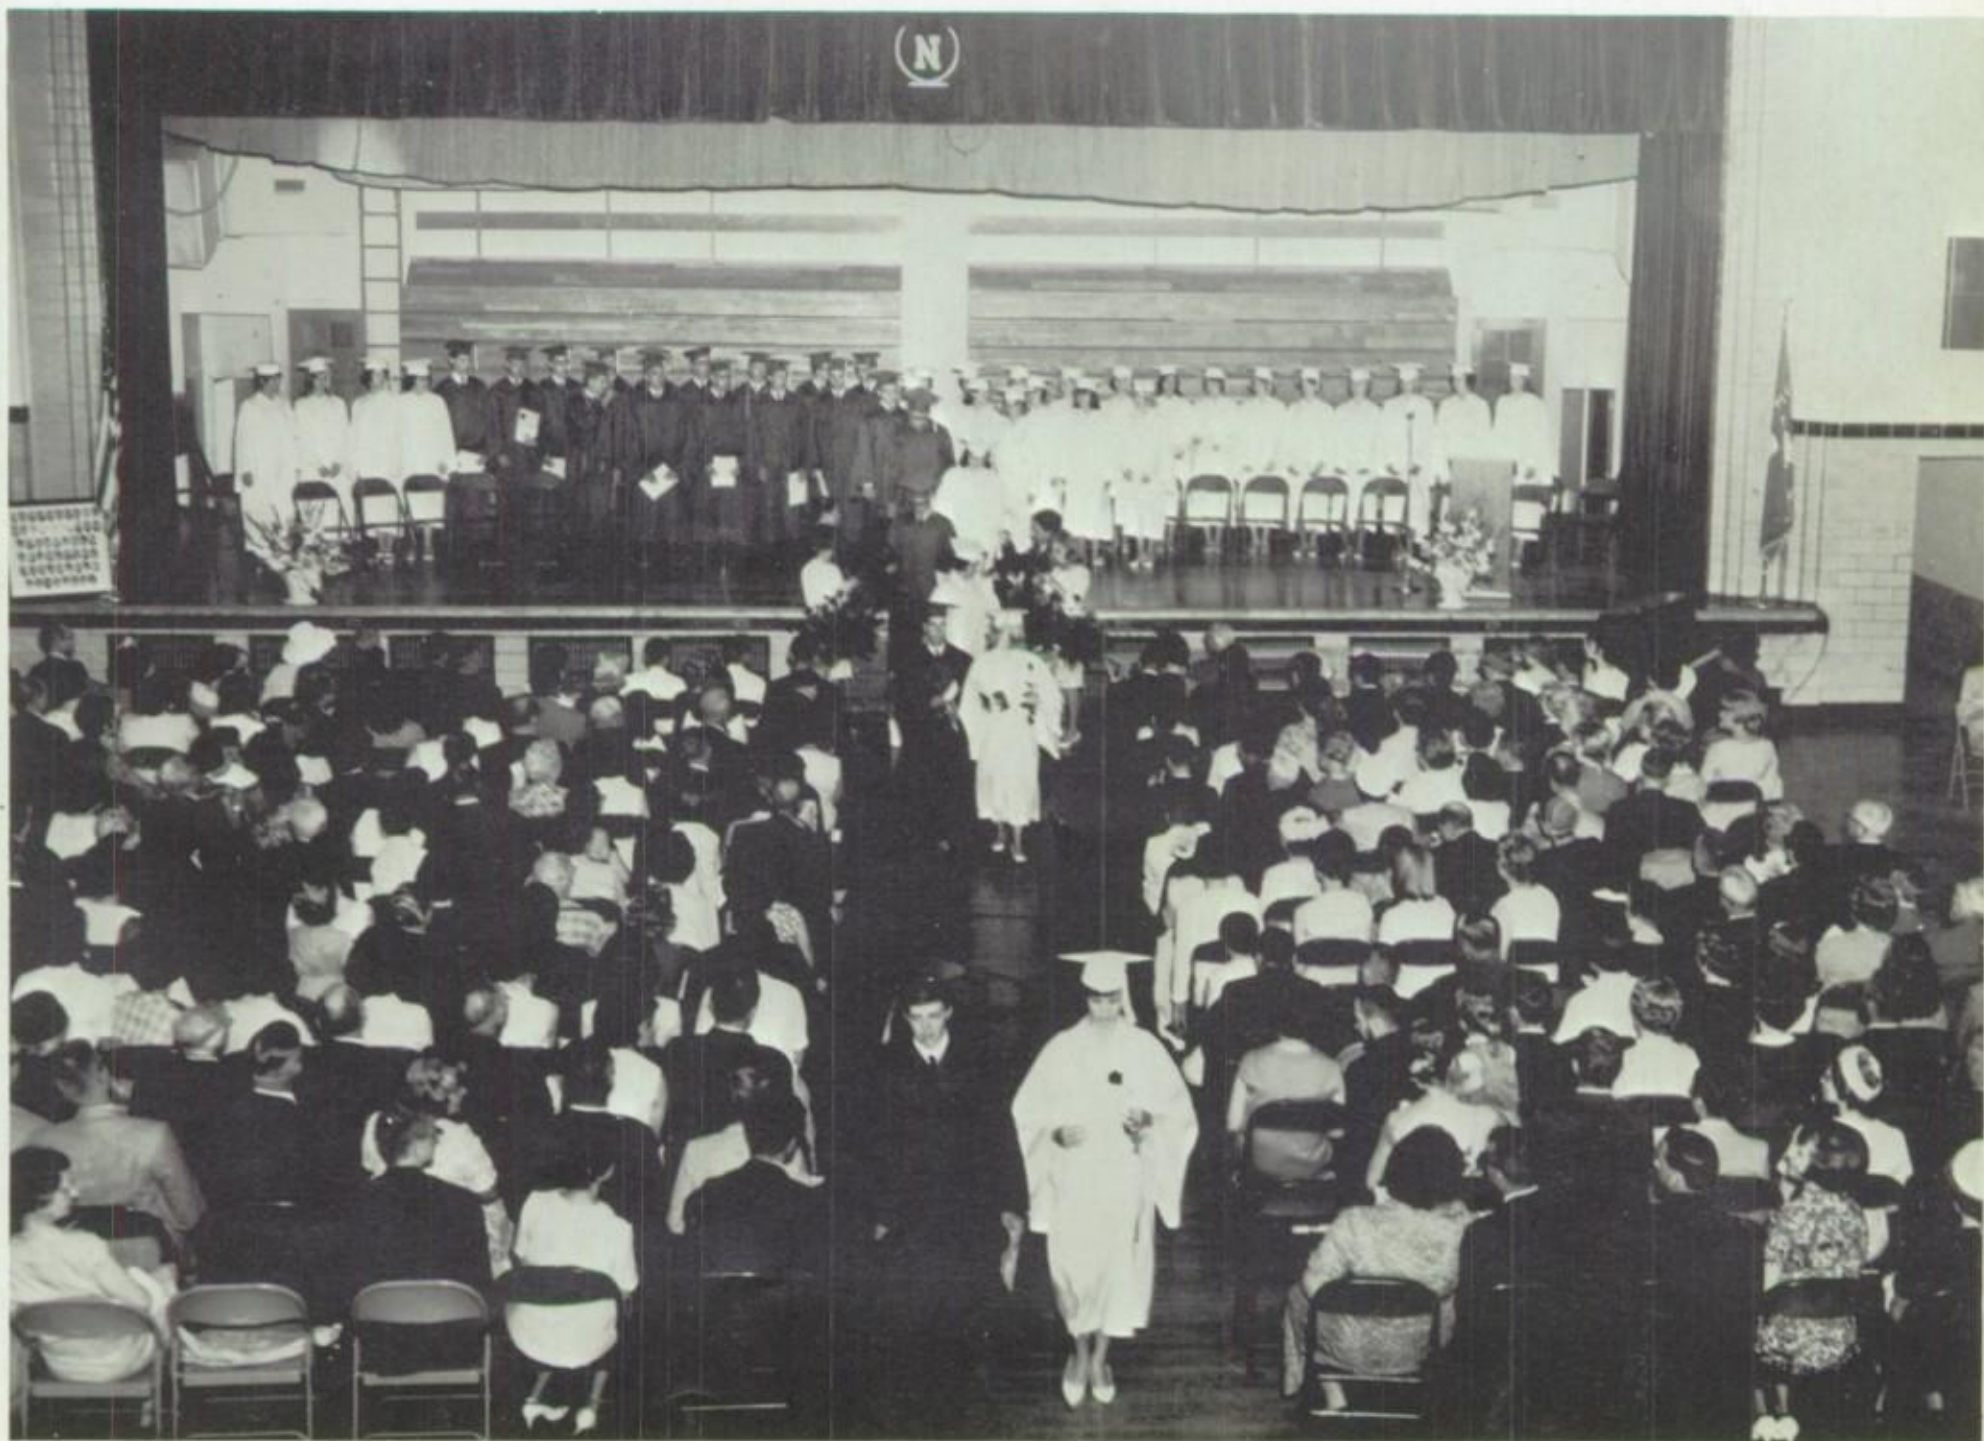

Dan Denial and Marcia Peacock receiving their "I dare you" book.

Everything must look perfect for this special occasion.

Mr. Wells fixing Bob's zipper.

The recessional begins and with it marks a new beginning for all members of the class.
